

Samples Collection at the Sheppard Library Middlesex University

Our collection is housed in the Materials Room, open 11am-4pm, Monday to Friday. We have over 4,000 samples that manufacturers have donated.

Almost all the samples can be borrowed for 2 weeks or more and are used by a range of Art and Design students.

Our library skills sessions involve the hands on analysis of a box of samples.

We publicise the collection online, in leaflets and in exhibitions.
